

Metal Lath and Mesh

Range of expanded metal sheets and coils for internal and external plaster key applications and anti-crack control.

Locusrite Riblath

Description and Application

Locusrite Riblath, stiffened by its longitudinal ribs, is produced for use on ceilings and partitions.

Specification

All galvanised materials are manufactured from steel to DX51.BSEN 10142 (g 275).

Stainless steel materials are manufactured from steel to EN 10088-2 grade 1.4301 (standard supersedes BS1449 Part 2: 1983 grade 304 S15).

Manufactured in accordance with BS1369 Part 1: 1987.

Riblath comes in 500 sheets per pallet.

Code	Material	Size (mm)	Thickness (mm)
GRL	Galvanised Steel	2500 x 600	0.4
GRR (Render Rib)	Galvanised Steel	2500 x 600	0.4
SSRL	Stainless Steel	2500 x 600	0.4
